CAMPBELL'S MI' 'S

IMPORTANT CHANGES

# The Wauregan House

On or about October firstait is the intention of the management of "THE WAUREGAN" to abandon the American plan system of feeding and to continue on the European plan entirely. This is the course pursued by nearly all the Hotels in the country, and is considered to be the most equitable for both the public and the management.

With the above end in view we will close our American plan dining-room on Saturday, October 4th, after which date no meals will be served except on the European plan.

We take pleasure in thanking the public generally for their liberal patronage and kindly feeling extended to us during the many years of our management, and hope for a continuance of the same under the new plan.
